WHERE OUR STORY BEGINS

Dining is a universal ritual, a quiet exchange of artistry, culture and intention. At the world's finest tables, every detail shapes the experience. And cutlery, though silent, becomes the closest touchpoint between the diner and the creation.

Oraya was born from this belief that cutlery should be sculpted with the same care as the cuisine it accompanies. Each piece is defined by refined silhouettes, balanced proportions and a finish crafted to elevate the sensory moment.

Guided by global design influences and shaped by meticulous craftsmanship, Oraya creates cutlery that feels modern, expressive and unmistakably luxurious. Purpose-built for luxury hotels, destination resorts and fine-dining spaces, our pieces blend beauty with professional-grade performance.

This is sculptural luxury for the modern table.
This is **Oraya**.

OUR CRAFT, OUR PROMISE

Oraya is a global luxury cutlery house dedicated to transforming dining into an elevated sensory experience. Each collection unites sculptural form with precision engineering, crafted for discerning hospitality spaces that seek distinction and timeless sophistication.

Our Philosophy Is Grounded In:

- ① **Sculpted Design** - expressive modern silhouettes that elevate presentation
- ① **Precision Craftsmanship** - meticulous detailing shaped by heritage and mastery
- ① **Hospitality-Grade Performance** - pieces engineered for intensive, high-frequency professional use
- ① **Understated Luxury** - quiet refinement, flawless finishing, and a composed global aesthetic
- ① **Bespoke Possibilities** - customised finishes, engravings, and exclusive sets for iconic dining destinations

With a deep respect for material purity and a commitment to world-class quality, Oraya brings contemporary luxury to the finest hotels, restaurants and curated banquets worldwide.

Levité

Light in Form. Effortless in Feel.

Levité is defined by its airy elegance and graceful handling. Its streamlined silhouette creates a sense of lightness, offering ease in movement and refinement in presentation. Crafted for elevated hospitality spaces that favour simplicity with substance.

Grade: 18/10

Features

Seamless handling with refined smoothness

Balanced construction for intuitive comfort

Minimal profile suited for modern dining spaces

Sérène

Calm Form. Quiet Sophistication.

Sérène embraces softness through fluid lines and a naturally comfortable form. It brings a sense of ease and harmony to the table, allowing cuisine to take centre stage while subtly enhancing the experience. Ideal for contemporary luxury spaces that value restraint and clarity.

Thickness: 5mm

Grade: 18/10

Features

Fluid contours for effortless handling

Understated design that complements modern settings

Gentle aesthetic that enhances refined ambience

Véra

Modern Classic. Subtle Distinction.

Véra blends contemporary structure with timeless finesse. Its refined detailing adds character without excess, offering a poised visual presence that feels composed and intentional. Designed for hospitality environments that seek sophistication with quiet individuality.

Thickness: 6mm
Grade: 18/10

Features

Fine detailing that elevates without overpowering

Balanced design with understated ornamentation

Classic elegance refined for today's luxury tables

Majesté

Regal Presence. Enduring Grace.

Majesté reflects ceremonial elegance reinterpreted for the modern table. Its composed proportions and assured stance create a dining experience that feels elevated yet effortless. Designed for hospitality spaces where refinement is expected, Majesté lends authority and timeless distinction to every setting.

Thickness: 5mm

Grade: 18/10

Features

Distinguished silhouette with commanding elegance

Assured balance for a confident, premium feel

Inspired by the legacy of grand dining traditions

Veléa

Fluid Grace. Tactile Elegance.

Veléa moves with softness and intention. Its flowing curves create a natural connection between hand and table, offering a tactile experience that feels refined and composed. Designed for dining spaces that seek harmony in both form and feeling.

Grade: 18/10 Stainless Steel

Thickness: 6 mm

Features

Soft curvature for natural comfort

Smooth finish with refined tactility

Subtle sophistication that enhances ambience

Éterne

Timeless by Design. Enduring by Nature.

Éterne is a study in permanence. Its poised form and enduring character bring a sense of heritage and quiet luxury to the table. Created for hospitality environments where lasting impression matters as much as lasting performance.

Grade: 18/10 Stainless Steel

Thickness: 6 mm

Features

Classic silhouette with lasting appeal

Designed for durability in refined settings

Versatile elegance across formal and modern dining

Rythmé

Design in Motion. Harmony in Detail.

Rythmé introduces subtle repetition and visual cadence into its form. The interplay of lines creates movement while maintaining composure, making it a natural fit for design-forward hospitality spaces that value individuality and cohesion.

Grade: 18/10 Stainless Steel

Thickness: 6 mm

Features

Pattern-led detailing with rhythmic flow

Cohesive design language across the collection

Contemporary character with sculptural precision

Lumière

Radiant Form. Refined Brilliance.

Lumière reflects light with a gentle brilliance that enhances the mood of every table. Its balanced contours and luminous surface create a sense of warmth and understated glamour. Ideal for hospitality spaces where atmosphere is as important as presentation.

Grade: 18/10 Stainless Steel

Thickness: 6 mm

Features

Light-reflective finish that enhances table ambience

Warm visual presence with refined glow

Graceful silhouette that elevates every setting

Linéa Collection

Defined by Line. Elevated by Finish.

Linéa by Oraya celebrates the discipline of clean geometry. Its slender profile and precise proportions create a composition that feels structured yet effortlessly refined. Designed for contemporary hospitality settings, Linéa brings clarity, balance and understated elegance to the table.

Available in **classic steel, luminous gold and striking black**, each finish offers a distinct expression of the same architectural design allowing dining spaces to create their own visual language while preserving the purity of form.

Grade: 18/10 Stainless Steel

Thickness: 6 mm

Features

Linear silhouette with refined, modern precision

Harmonious proportions that create visual balance

Available in steel, gold, and black finishes to complement diverse dining aesthetics

Quadré

Structured Symmetry. Modern Precision.

Square by Oraya is a confident interpretation of contemporary geometry. Its defined edges and disciplined proportions create a presence that feels architectural yet composed. Designed for hospitality spaces that appreciate clarity and structure, Square brings strength, balance, and modern distinction to the table.

Grade: 18/10 Stainless Steel

Thickness: 6 mm

Features

Geometric silhouette with bold contemporary character

Defined edges for a confident, structured grip

Refined symmetry that enhances visual order and sophistication

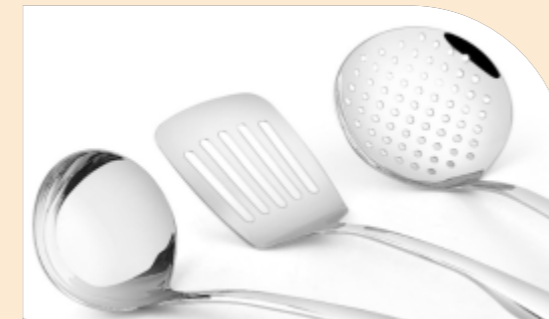

Milano - Full Hollow Handle Serving Tools

Strength in Form. Grace in Service.

Milano by Oraya is designed to bring refinement and ease to the art of serving. Defined by its balanced hollow-handle construction and polished finish, each piece offers effortless handling while maintaining a poised, elegant presence on the table. Thoughtfully crafted for both professional hospitality environments and refined home dining, Milano blends durability with understated sophistication.

From buffet spreads to formal service, Milano ensures every serving gesture feels smooth, precise, and composed.

Features

Hollow-handle construction for balanced, comfortable handling

Sturdy serving heads designed for confident performance

Mirror-polished finish that enhances presentation and durability
